

Sam James – Chair of Governors

My daughter is now in Year 6 and coming to the end of her eight years at Coleridge. I was delighted to join the school's governing body in summer 2012, initially elected as a Parent Governor and then continuing after my initial four-year term as a Co-opted Governor. I have been involved with the school through my family since 2006.

I was really pleased to have been elected as Chair of Governors in September 2016, and have continued to work very closely with Mr Choueke and the Senior Leadership Team, alongside leading the very strong Governing Body in supporting the outstanding education that the school provides.
