

Child Protection Policy

Coleridge Primary school fully recognises its responsibilities for child protection.

Key Principles

Our policy applies to all staff, governors and volunteers working in the school. There are five main elements to our policy:

- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse.
- Supporting pupils according to their needs.
- Establishing a safe environment in which children can learn and develop.

Practitioners who work with children in this school will read this policy within the framework of the following guidance and legislation;

- Keeping children safe in education: statutory guidance for schools and colleges (2016)
- Working Together to Safeguard Children (2015) statutory guidance
- London Child Protection Procedures, 5th Edn.(2015)
- Information Sharing (2015)
- What to do if you're worried a child is being abused (2015)
- Children Act 1989
- Children Act 2004
- Education Act 2002
- Children and Families Act 2014

We will follow the procedures set out by Haringey's Local Safeguarding Children Board (LSCB) and take account of guidance issued by the Department for Education to:

- Ensure we have a designated senior person for child protection who has received appropriate training and support for this role.
- Ensure we have a nominated governor responsible for child protection.
- Ensure every member of staff (including temporary and supply staff and volunteers) and governing body knows the name of the designated senior person responsible for child protection and their role – Ruth Kirsh.

- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the designated senior person responsible for child protection.
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus.
- Notify The Children and Young People's Service if there is an unexplained absence of more than two days of a pupil who is on the child protection register.
- Develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at case conferences.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely, separate from the main pupil file, and in locked locations.
- Ensure safe recruitment practices are always followed.

We recognise that children who are abused or witness violence may find it difficult to develop a sense of self-worth. They may feel helplessness, humiliation and some sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn.

The school will endeavour to support the pupil through:

- The content of the curriculum including circle time; PSHE; P4C.
- The school counsellor.
- The school ethos which promotes a positive, supportive and secure environment and gives pupils a sense of being valued.
- The school behaviour policy which is aimed at supporting vulnerable pupils in the school.
- Liaison with other agencies that support the pupil such as The Children and Young People's Service, Child and Adolescent Mental Health Service (CAMHS), education welfare service and educational psychology service.

Procedures

We follow the procedures set out in "Safeguarding Children in Education - Handbook for schools and other educational establishments" produced by the London Child Protection Committee.

Additionally, we follow all procedures as outlined in 'Working Together to Safeguard Children' (March 2015).
