

SUMMER SONG

Kate Stilitz

All sing

Hey, won't you come and play?
Run into the sunshine
On a lovely summer's day
Bring all of your friends along
Everyone can join in our
summer song

Hey, come on outside
Get your walking shoes on
Cos the world is big and wide
Who knows what we'll find
along the way
An adventure out in nature: a
lovely day

Come on, jump up
no time for screen time
Get up off your bed
Sitting in the dark is only
clouding up your head
So come exploring and
we'll find something new
Wild adventures are
waiting here for you

Part 2

When we feel the sweet
scented breeze, we'll go
climbing up in the trees
Free and easy days of fun
Can you feel that something's
begun?

Free and easy days of fun
Can feel that something's
begun?

Come on outside

(Echo) Come on outside

Get your walking shoes on
Cos the world is big and wide
Who knows what we'll find
along the way
An adventure out in nature:
a lovely day
An adventure out in nature:
a lovely day

Won't you come outside **(x 2)**

Look around and
see what's growing
Flowers blooming, seeds are
blowing

Won't you come outside **(x9)**

Carried on the wind, migrating
This is nature celebrating
Bikes for riding,
trees for climbing
You can seek while I am hiding
Try and see if you can catch
me

Part 3

Come outside and play,
we can stay all day **(x 4)**

When I run and feel so free
Outside, outside
Won't you come outside

Won't you come outside **(x2)**

Won't you come outside

Won't you come outside
