

# Year 1 Home Learning

## Topic & Science

This half term our topic is *Jobs*. We will be finding out about different types of jobs that people do. We will pay particular attention to the jobs of people who help us all e.g. firefighters, doctors, teachers, police etc.

Our Science topic is *Plants*. We will be finding out about common wild and garden plants, and we will also be learning about the structure of some of these plants and flowers.

## Proper Project

### Flowers!

Our Science Topic for the summer term is Flowers. Find out about different types of flowers. Take some pictures or draw flowers that you see in the park or in your garden. Can you find out what the flowers are called? Label the flowers. You could make a poster, a booklet or even a PowerPoint presentation!

## Let's talk...

Find out about the jobs that people do, or did in your family. What do their jobs involve? Do they use special equipment? Are they mostly outdoors or indoors? What skills do these jobs need? Choose 1 or 2 jobs that you are interested in. Write a job description of these jobs. Design a poster or make a booklet to present your ideas.

## Create 'n Make

### Job Uniform

Some people have to wear uniforms for their job.

Think about a job that you might want to do when you grow up. Do you need a uniform? Design a uniform that you could wear for this job!

## Espanol

We will be learning numbers beyond 20 in Spanish this half term. Have a go at this game:

[Magic Cards](#)—can you match the numbers in Spanish to the digits? How quickly can you do this?

## Out and about...

### Job Hunt!

See how many different types of jobs you can spot on a day out. For example, you might see a police officer, a shop keeper, a dancer, a librarian etc. Keep a list and look out for the most unusual jobs.
