

Monday 11th September to Friday 15th September

Here is an overview of some of the activities we will be doing this week, in whole class and small groups.

English

This week, we will concentrate on how to punctuate sentences accurately using a capital letter, a full stop and finger spaces between words. The children will write a 'guess what' sentence about a mode of transport for their friends to work out. They will also correct sentences where the teachers have made mistakes with their punctuation. Finally, they will begin to put together a class display, focussing on the sounds that they know in some transport words e.g. **car** and **ship**.

Topic

This half term, our topic is 'Travel and Transport'. This week, children will identify a variety of transport vehicles. We will discuss the transport we have been on and what transport we use to get to school. We will create a transport display containing all the modes of transport we know.

Handwriting

In Year 2, the children will learn the cursive script (joined handwriting). They will learn how to form each letter individually, using the lead in stroke before joining them. This week, we will start with the letters **c**, **o** and **a**.

Maths

This week, we will work on recognising, writing and ordering numbers to 100. We will also look at number bonds to 10 and 20, and encourage children to memorise the relationships between number pairs.

Reminders:

All children will need a PE kit in school for their PE days. 2O and 2P will have PE on Thursday and Friday, 2R and 2B will have PE on Wednesday and Friday.

Please ensure your child brings in their reading folders at the beginning of the week; they will be sent home again on their reading day.
