

# Reception Home Learning

This half term we are mostly focusing on getting to know each other, making new friends and learning all the new routines of school. It's a very busy and tiring time!

We will also be thinking about our favourite stories - reading and discussing them together. If you would like to, bring in one of your favourite books from home to share with your class. (Please write your name in your book!)

**Autumn 1 2017**

## Create 'n Make

Choose a character from one of your favourite stories.

Make a picture, painting or collage of this character. What do they look like? What is their name? Which colours do you need to use in your picture?

## Out and about...

You could visit a local library with a grown-up and look for some of your favourite stories. See if you can find a book you haven't read before. Ask a grown-up to read the story to you. Why do you like it? What happens? Who is in the story? You could ask someone to take a photo of you reading your favourite story and bring it in to show us at school.

## Let's talk...

Talk to someone in your family about all of the new things you have been doing in Reception. Have you made any new friends? What have you enjoyed the most? What else are you looking forward to?
