Notes on buying a Ukulele

- If you're buying a ukulele for the first time, please don't buy a cheap toy, tuning can be impossible. Make sure at least it has tuning gears. A good instrument will be an investment.
- Beginner ukulele I would recommend is a Makala Dolphin:
<https://kalabrand.com/collections/makala-dolphins/> You can buy them on Amazon in a variety of colours
- Ukuleles come in all shapes and sizes. There are three sizes to begin with:
 - Soprano = small
 - Concert = medium
 - Tenor = larger
- Shops that sell a good range of instruments are:- Hobgoblin music (off Oxford St) or Duke of Uke shop, near Brick Lane, <https://www.dukeofuke.co.uk/>
