

Year 1

Remote Learning

To the children,

We hope that you all had a good week at home and have enjoyed doing some of the remote learning activities.

It has been very strange not going into school and seeing all of you. Although most of you are at home, the school is still open for a really small number of children. We are taking it in turns to go in for a few days at a time. Ms Tapp has been in this week and said that it is very quiet without all of you there!

We have planned some more activities for you to do at home. Try and do as many as you can. Please remember to listen to your parents, do the activities that they ask, and always try your hardest. Please keep some of your best work, as we would really like to see what you have done when we are back in school.

We miss you lots and are thinking about all of you.

Love

Ms Higgins, Ms Crawford, Ms Jones, Ms McMillan and Ms Tapp

To the parents,

We hope that you are all well, and that the first week without school has gone as smoothly as possible.

This week, we have planned some new Maths and English activities. The wider curriculum activities remain the same as last week, and these will be updated every few weeks. We have also uploaded five more phonics PowerPoints, which can be done daily.

Please do not feel pressured to do all the activities that we have set. We do understand that it might not be realistic to do all of them when you have other children and your own jobs to do! Feel free to pick your own topics/activities that your child shows an interest in. Please also remember that activities such as playing with siblings and toys, drawing and helping around the house are all excellent and valid learning opportunities.

With very best wishes

Ms Higgins, Ms Crawford, Ms Jones, Ms McMillan and Ms Tapp
