

Reception: Learning at Home

30.3.2020 – 3.4.2020

Writing

Write a letter to a friend from school telling them some of the things you've been doing at home. You could tell them about games you've been playing, any good stories you've read, or what's been your favourite lunch at home so far! Have a go at sounding out words by yourself, and remember to leave a space in between your words. You could ask a parent to help you post the letter and see if your friend writes back!

Maths

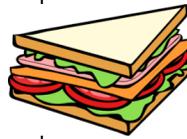

We hope you're being very helpful at home. This week, offer to help your parents with the washing. How many t-shirts need washing? How many towels? Can you pair up the clean socks for all your family members. How many single socks are there? How many pairs? You could also have a look for other things around your home which are in pairs.

Singing

This week we'd like you to learn a song really well to perform to the rest of your family. Try to think of some actions to go with it. You could choose one of the songs we sing at school or another song you like. Have a go at writing down the words so you can teach it to the rest of your family. You could ask someone at home to record you performing it and then send it to your friends so they can watch you as well! Have fun!

Making sandwiches

Have a go at making a sandwich for lunch one day this week. Spread the bread yourself with butter or whatever else you like. Try to arrange the filling evenly inside. Then cut your sandwich in half and then half again to make 4 quarters. Are they all the same size? You could even offer to make sandwiches for all of your family! **(Be careful when you're using a knife and always ask a grown-up before you begin).**

Websites:

<http://www.lovemybooks.co.uk/> - click on age groups - 3-5 years, for loads of books and activities linked to them, including Handa's Surprise.

<https://www.bbc.co.uk/teach/school-radio/eyfs-storytime/zdv4vk7>— a nice selection of stories read aloud for children to listen to.
