

Nursery: Learning at Home

Hello everyone, I hope you are all enjoying your time at home together. I am missing you all very much. I hope you have all been doing good listening, and playing nicely with your family members. Remember that we need to make everyone feel yellow (happy).

Dear Parents, I hope that you are all well, and adjusting to this new way of life. I appreciate that it is difficult to work from home and try to teach, a challenge that I am also trying to adjust too. For Nursery age children, it's important that they have lots of opportunities to play, which I'm sure they are all enjoying doing. Each week I will send a couple of activities with various links for you and your child to do, however please don't feel pressured to do all of the activities. Make sure you have some time for yourselves too.

Keeping Fit

I have been doing some exercise this week to keep me fit and healthy. If you haven't already, maybe you and your family can join the Jo Wicks PE session at 9am from Monday – Friday on you tube.

https://www.youtube.com/watch?v=6v-a_dpwhro

Can you make an exercise class for your family? Choose 5 or more exercises, such as jumps, hops, animal movements, twists. Now decide how many (up to 10) you would like to do of each. Write down/make marks/sound out the different exercises and the number next to it. For example, hops 2, twists 5. Now try to do your exercise class. Maybe share your workout with a friend or family member via WhatsApp or Skype.

Singing time

Have a listen to the song '5 fine bumble bees' that we have been singing in Nursery. Can you teach it to your family members? Can you try singing the song but using numbers 1-5 instead? Maybe you could draw or make 5 bees and hold them up for each number when you sing the song. Have fun!
