

Art

Remote Learning

27th April 2020

Dear Parents, Carers and Children,

We do hope that you and your families are all staying safe and well.

It is so strange not to be at school and see what you are all doing and enjoy your amazing artwork. We have been thinking about ways that we can address that challenge; and now we have an answer! If you would like to email us to ask a question or share ideas or even send us pictures of your artwork, now you can! We can also write back to you. The email address is art@coleridgeprimary.net . It will be a very lovely way for us to keep in touch and see what you've been up to!

We do understand that you might not have the same kinds of art materials at home that we have at school, but that really doesn't matter. This is all about keeping your creativity alive and using whatever you have at home. (It's a bit like cooking, where you might have to use an ingredient you do have instead of one that you don't!)

We have tried to make the activities in the "Art Activities for All" section a little bit varied so that you can use and experience a range of skills, materials, and techniques. These are just suggestions for things to do; you might find that you start with one idea and then it takes you in a completely different direction. That is fine, it is very often the way that real artists work. Remember that you are the artists, try things out and see what works. Use the materials that you have at home and be inventive!

We are really looking forward to seeing your work and sharing ideas, so please do get in touch.

With very best wishes for a creative journey together,

Louisa Munro and Isabel Richert
