

Year 6

Remote Learning

To the children,

Hello!

We hope you are all keeping well and are staying safe at home. Everyone has had a different Easter to what we expected but hopefully you've had some fun, some chocolate and some rest! There were some great activities on the Easter remote learning sheets, with plenty to be getting on with. Well done to those of you who entered the Easter egg competition; there were some fantastic entries!

We teachers have all been keeping busy. Some of us were in school as it remained open over the holidays for some of the children. Here's a brief update of what each of your teachers have been up to:

Mr Skrein: I've been getting lots of exercise on my bike and I'm lucky enough to have a tiny garden to potter about in and read in the sun. I'm also in the process of recording my class book for you all to listen to at home - it feels very strange and awkward to read aloud on my own in my flat...

Mr G: I've been trying not to eat too much chocolate! I went to give blood this week and I cycled there on my bike. It was strange seeing London so quiet, but a great chance for a peaceful bike ride. You'll be pleased to hear that I've managed to make vast improvements with my bread making!

Miss Edge: I have been enjoying video calling lots of my family and friends this week and, like many others, have been taking part in a weekly quiz with some of them. This week, I actually won and I am now in charge of writing the questions for the next one.

Miss Henry: I've been in school this week; it's been a lot quieter than it usually is, and I miss all the hustle and bustle of a full classroom.

Miss Edge has also recorded the next video message to you - you can watch it [here](#).

Try your best at the learning activities that we have set for you. We've thought a lot about how to make these activities fun and manageable. Hopefully, you can complete them on your own but if you do need help, then ask a grown up.

Stay safe and have a lovely week!

Miss Edge, Mr Grimadell, Miss Henry and Mr Skrein

To the parents,

We hope you are all safe and well, and managing with this new, temporary way of life.

For Week 5 remote learning, there are new **English**, **Maths** and **Wider Curriculum** sheets.

The English focus this week is on relative clauses and a narrative recount. These are areas that the children have covered before but there are links to help them if they are struggling to remember what to do. Maths is calculating with decimals and again is a revision of areas covered.

We have a new email address for children to keep in touch with us! The address is year6@coleridgeprimary.net. The children can email the teachers using this email address with updates of what they are up to. They should put the teacher's name in the subject box so that we know who it is for. We are all missing our classes and looking forward to seeing everyone back at school.

Miss Edge, Mr Grimadell, Miss Henry and Mr Skrein
