

# Year 6

## Remote Learning

### To the children,

Hello!

As some of you will already be aware, we have started making phone calls to you all. Over the next week or two, if we haven't seen you when doing our book deliveries, we will be trying to contact you on the phone to have a little chat to catch up and find out how you are. Don't worry, we aren't going to be testing you or asking any difficult questions, we just miss you all and want to catch up! If we can't get through to you on the phone, we may email to let you know that we've tried so if you don't hear from us, ask your grown ups!

We hope you enjoy the activities this week. We have tried to make it so that you can do them on your own, but you can ask for help if you need to. It is really important to keep on doing some work from home and doing some reading too. The mobile library is becoming more popular, but we have lots of books, so do get in touch if you need one!

Mr Skrein has recorded himself reading again; we asked him to read in his head but he wasn't able to manage it! If you would like to listen to George's Marvellous Medicine, you can find it here: <https://www.youtube.com/playlist?list=PLfMIFHa5HhXVZtUrWtWh0UvjdJTyxiejJ>

This week, we have each created another video update for you all. If you click on the link, it will take you to the video for your class. It's still strange making them but hopefully we are all getting a little better - not sure we'll ever make it as YouTubers though! Here they are:

Miss Edge: [https://youtu.be/FNR\\_PCFn9Tg](https://youtu.be/FNR_PCFn9Tg)

Mr G: <https://youtu.be/dX931OscGJI>

Miss Henry: <https://youtu.be/iKqLqeJHlIM>

Mr Skrein : <https://youtu.be/PTITzzWuUu4> (Sorry it's so long and filmed the wrong way - keep watching to the end for an announcement!)

We are really enjoying responding to your emails and seeing your work. Don't forget that you can get in touch with us at [year6@coleridgeprimary.net](mailto:year6@coleridgeprimary.net)

Stay safe and have a lovely week!

Miss Edge, Mr Grimadell, Miss Henry and Mr Skrein

### To the parents,

We hope you are all safe and well. Hopefully you have seen the message that we have begun to make phone calls home. We are keen to catch up with the children that we have not seen in school or on book deliveries, to make sure that everyone is well. When we call, our numbers will be withheld so if you see a withheld call, it may be us. If we can't get through to you, we will try to leave a message and will call back later or at another time.

For week 8 remote learning there are new **English** and **Maths** sheets. The English grammar focus this week is sentence types and the writing activity is to write a balanced argument. There is also

an exciting writing task which is the Mass Observation Project. The name may sound a little sinister but it is an interesting endeavour which you can read more about here:

<http://www.massobs.org.uk/write-for-us/12th-may>. Maths is area and perimeter and is a good opportunity to do some practical maths by measuring living spaces!

We are still really enjoying hearing from the children through email and the mobile library is being well used. The email address for the children to contact us on is [year6@coleridgeprimary.net](mailto:year6@coleridgeprimary.net)

We are all missing our classes and looking forward to seeing everyone back at school.

Miss Edge, Mr Grimadell, Miss Henry and Mr Skrein
