

Nursery: Learning at Home

Hello everyone, I hope you enjoyed listening to my story last week. I can't believe a whole half term has passed by again. I just want to say have a lovely half term at home with your families, and enjoy the lovely sunshine. We all miss you lots and look forward to hearing about the things that you have all been doing.

Potions and perfumes!

In your garden, or when you go out for a walk, can you find some natural materials that you could use to make your own potions or perfumes. First you will need a plastic bottle to collect your objects in, and some water. What could make your perfume or potion smell nice? You might want to add some flower petals or some herbs if you can find any. Maybe you could use some of my rainbow foam that I gave the recipe for a few weeks ago. Once you have made your potion or perfume, maybe you could make think of a name and make a label to stick on your bottle. You could then make a few more and set up your own perfume/potion shop. How much will they cost? You could even pretend to use sticks as money. Your potion might cost 7 sticks! Ask your family

members to come and buy something from your shop.

Camping!

One of my favourite things to do in the summer is to go camping. It doesn't look as though I'll be able to do that this year, so I'm going to try and make a camp in my house or in my garden. What do you need when you go camping? The first thing I do when I go camping is put up my tent! I haven't really got space for my tent so I'm going to make a den/shelter. Can you have a go at making a den or a shelter either in your home or in your garden. What might you need? Ask your family members if they have a blanket or piece of material that can go over the top. You might want to have a go at drawing your den first, to see what it might look like. Once you have built your den can you find things to decorate it with like, sticks, flowers, paper chains. Can you make a sign to stick on your den? Now maybe you can pretend to do some cooking next to your tent, or have a picnic with your family inside it. Please send me photos of your camps!

Singing Time!

I'm really missing singing songs with you all. One of the songs I normally like to sing in the summer is '3 little birds' by Bob Marley. Listen and watch the video and see if you can learn the song with your families. Can you think of your own actions to go with the song?
