

Year 4

Remote Learning

Dear Year 4,

How are you all? It feels like such a long time since you were all piling up the stairs into school in the morning, and so much seems to have changed. Lots of things haven't changed though. We are still your teachers and we are still working hard each week to set you learning that we hope you're enjoying. Your classrooms are still the same (although a bit cleaner) and your friends will still be there when you return! The school is still open to some children, but we hope to welcome Year 4 back through the doors at some point. We still care about you and miss you a lot!

This week's remote learning is all about **Newspaper Reports** in English and **Shape** in Maths. Keep going – many of you are managing to continue to do lots of learning, and we think that's great. Please keep emailing us your work at year4@coleridgeprimary.net. We're in school more frequently now so we might not reply instantly, but we promise to get back to you and we love seeing what you've been up to. We have been very impressed with the work that has been sent to us so far.

We have set up a library for you to use outside of the school office on West. It's open for Year 4 to use **every Wednesday**, (9.30am-12pm and 1pm-2.30pm). You don't need to have a school library book to swap – you can just come and choose a new one. If you can't come to school, then just email us and let us know and we'll do our best to get books to you at home. Lots of you visited the library last week and have already started enjoying a new book!

Finally, all of your teachers and teaching assistants agreed that we want you to be doing lots of art at home. We especially want you to appreciate art as you would at an art gallery. So, we'd like you all to click on this **very serious** link to a **very serious** video based on some **very serious** paintings and take the whole thing **very seriously**.
