## Remote Learning

### English Week 17 - Answers

#### Message

Hi, Year 4,

We are really looking forward to seeing you this week in your bubbles on either Monday and Tuesday or Thursday and Friday!

As you'll be in school for two days, this week's remote learning only covers 3 lessons. The topic for the English lessons is 'grammar'. Once you've worked through the activities, you can check how you did against the answer sheet.

We hope you enjoy the activities and please keep emailing us your work at:

Love Ms Davies, Mr Shiel, Mr Goddard, and Ms Schmidt

#### Daily Reading – Mapping it all out

##### MAPPING IT ALL OUT

Have a go at drawing a map of one of the places from the text you are currently reading. See how much detail you can include. If you can, discuss your map with somebody who has also read the text so you can compare and add more if necessary.

Take some time and effort to ensure your map is appealing to the same audience that the book is aimed at.

All good maps should contain the following **BOLTS** elements.

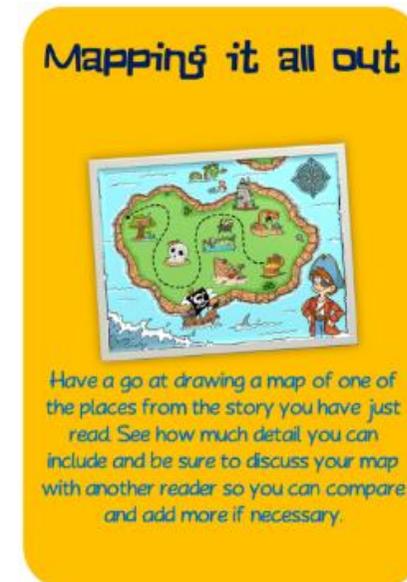

**B** – Borders

**O** – Orientation

**L** - Legend

**T** – Title

**S** – Scale

**Don't forget to visit the outdoor library at school every Wednesday (9.30am-12pm and 1pm-2.30pm) on the bridge in front of the office to pick up or swap new books!**

## Lesson One - Possessive Apostrophes

Link to BBC Bitesize Lesson:

- [How to use possessive apostrophes](#)

### How to use a possessive apostrophe:

An apostrophe can be used to show that one thing **belongs** to or is **connected** to something. This is called a **possessive apostrophe**.

Let's take a look at some examples.

### Singular possession:

#### The cat's tail was fluffy.

Cat is a singular noun so you need to add an apostrophe and "s" to show that the tail belongs to the cat.

#### Charles' cat was naughty.

Charles is a singular noun that ends in an "s", so you need to add an apostrophe to show that the cat belongs to Charles.

### Plural Possession:

#### The brothers' feet were muddy.

Brothers is a plural noun that ends in an "s" so you don't add another "s" after your apostrophe. You can just add an apostrophe to show the feet belongs to the brothers.

#### The children's toys were broken

Children is a plural noun but it doesn't end with an "s" so you need to add an apostrophe and "s" to show that the toys belong to the children.

## Fronted Adverbials

- [The National Academy: Fronted Adverbials](#)

A fronted adverbial is a word, phrase or clause that is placed at the start of a sentence. They are used to explain how (manner), when (time) or where (place) something happens. A fronted adverbial is separated from the main clause with a comma.

Now, can you spot all of the fronted adverbials in this extract? Underline them and add in commas in the appropriate places.

For days now, Kian had been praying there was still hope for his people. Through the bushes, Kian searched and searched. Under rocks and inside caves, he scoured although he just couldn't find the ever-life potion. With his head in his hands, he sat down. Depressed and disheartened, a drop of water rolled down his cheek. Reaching up to dry his eyes, he realised the drop was not a tear. Feeling utterly confused, he looked up and saw exactly what he was looking for...the ever-life potion! It was dangling from a tree in a potion bottle tied with a golden ribbon. Without delay, Kian leapt up and grabbed the bottle. As Kian hurriedly ran back, his feet hurt and his lungs felt like they might explode. Inside his hands, he held the one thing that could save everyone in his village. Within a few minutes, Kian was nearly at the village excited to tell everyone what he had found. Knowing what this could do to the villagers, a small smile began to creep across Kian's face.

## Lesson Three - How to write a sentence

Link to BBC Bitesize Lessons:

- [How to write a sentence](#)
- [How to write a complex sentence](#)

There are three types of sentence - **simple**, **compound** and **complex**. All three have an equally important role in writing.

### Simple sentences

Simple sentences have just one **main verb**, for example:

'He **walked** quickly back to the house.'

### Compound sentences

A compound sentence has more than one verb. The two, or more, clauses of the sentence still make sense on their own. Compound sentences often use **coordinating conjunctions**, such as 'but', 'and' and 'so':

'George realised he could hear voices, **so** he walked quickly back to the house.'

### Complex sentences

Complex sentences have at least one **subordinate clause** that **adds more detail and information to the sentence**.

### Subordinate clauses

Subordinate clauses are sometimes known as dependent clauses, because they **need the main part of the sentence** to make sense. They don't make complete sense on their own:

'George wanted to stay outside, **despite the driving rain and wind**.'
