

Lorraine Gerrard – Chair of Governors

I was first elected as parent governor in 2013 and became Chair of Governors in 2018, after two years as Co-Vice Chair. I am a member of all the Board's committees and chaired the Child & Community Committee for five years, which was hugely rewarding. I continue to chair the Pay Committee and Finance Working Party and I am an active member of the West Haringey Chair of Governors' Forum.

I feel very privileged to have this position at Coleridge where children's happiness and wellbeing is valued above all else and I am passionate about helping the school achieve the best for each child.

I have a degree in Politics from Leeds University and a background in working with software development teams within the banking sector. I can confess to having a mild obsession with Excel spreadsheets! I am also a Coleridge parent and have three boys, all of whom started their time at Coleridge in the Nursery.
