

Year 5 Home Learning

Geography

We are continuing our learning about *the Amazon*. For your home learning, we would like you to choose one of the following projects:

- Build a model of the Amazon River and Iguazu Falls
Could you research some facts about Iguazu Falls and create a fact sheet to go with it?
- Research your favourite animal from the Amazon Rainforest and make a google slides presentation/ PowerPoint presentation to share with the class
- Draw/paint a detailed picture of an Amazonian animal for display

Could you also add labels to your picture?

Religion and Worldviews

This half term, our topic is: *Why are some journeys special?* with a focus on learning about the concept of *pilgrimage* and *sacred* places. We have spent time exploring and discussing the idea of journeys and the religious significance, as well as non-religious significance of pilgrimage or a sacred place. We have begun learning about various pilgrimage sites around the world.

Your activity is to research a pilgrimage site of your choice and then create either a poster or a PowerPoint presentation to present your research.

Latin

As part of our Latin lessons, we have been learning about the Greek and Roman Gods. Make a fact sheet telling us about the Gods that most interest you. You need to include: an image of the God, their name, say what they were the God of, and include their symbol.

Diana

Hermes

Mars

Hera
