

# Coleridge Election 2024

## Giraffe Generation Manifesto

The Giraffe Generation Party would:

**Invest over 1/3 of their money into the Ecosystem of Coleridge.**

This will include providing bird boxes and feeder to both Infants and Junior playgrounds, encouraging birds and other wildlife to take residence in our welcoming school.

**Provide book request boxes for both libraries**

This will allow all children to influence book supplies and tailor the libraries to their preference.

**Create new designated drawing areas in both Junior and Infant playgrounds**

We will supply chalkboards and chalk for children who wish to be creative in a relaxing environment with their friends. This is better for the environment and ecosystem, than wasting valuable paper.

**Donate to the Animal Health and Welfare Haringey Charity**

We will donate 15% of our money towards a charity that provide safety for potential pets in need in our local area, supplying the animals with a safe and loving home.

**Give each class a separate mascot that will travel with them through Coleridge**

By giving each class a cute and cuddly soft toy, we will build a sense of togetherness throughout the classes, as well as promoting teamwork and enhancing friendships.
