

Permission to take photographs and film your child

We often use photographs and video for various learning activities and events. These photos and videos are sometimes put on our school website, social media pages, or in newsletters. Newspapers and other media may also come into school to photograph and report on events at the school. For privacy, we will never identify your child by name in any photos or video without asking you first. We would like to seek your consent to the use of your child's images, and will respect your decisions when publishing photos moving forward.

Please email your reply to admin@coleridgeprimary.net, clearly stating your child/children's name/s and class/es and whether or not you give consent to the below options.

Consent to using your child's images will last throughout your child's time at the school, and will continue to apply for a short time after they leave (except for images published for historical purposes which may be kept for an extended period of time to show the history of the school).

You have the right to withdraw your consent at any time. You can do this by writing to us on the email address above. At that point images of your child will not be used in future publications, but we cannot prevent them from continuing to appear in publications already in circulation.

Please note – we require a consent response from all parents/carers, stating whether or not you wish your child's image/s to be used.
